

S210 U-Bracket

Order numbers: 1007907 (black) 1007943 (white/RAL)

The S210 U-bracket can be used to install the S210 V and S210 P subwoofers.

The U-bracket allows a single S210 to be mounted vertically or parallel to a wall.

In addition, ceiling installations with up to two S210s and flown installations, also with up to two S210s, are also possible.

Characteristics:

- For installation with two S210s, the optional extension plates (set item consisting of two extension plates and two shim plates) are required.

Part numbers: 1007944 (black), 1007945 (white/RAL)

S210 U-Bracket
